Scythe

The powerful Yamaha IC is built into a completely re-designed interior of Kama Bay AMP Kro, and can set free its phonetic precision.
The small digital amplifier can be used internally or externally and with its well finished aluminum front design Kama Bay AMP Kro will find its place in every ambience.

Scythe Kro Craft Speakers combine a compact chassis design with the elegance of Hi-Fi speakers.
Inside of the black wood chassis works a well aligned aluminum concave bass / mid-range speaker together with a soft dome tweeter.
Based on in-house development, effective adjustment of all components within the dimensions create a well balanced sound image.

Amp
- Output: 2 x Speaker Channel, 1 x Headphone
- Input: 2 x RCA, 1x3.5mm Stereo-mini
- Power IC: Yamaha YDA138 (D-3)
- 2 Stereo channels
- Maximum output continous current : 10Wx2 Channels
- Maximum efficiency: 88% (8 Ohm / 10 W)
- S/N Ration: 103dB - 95 dB (Headphone)
- Harmonic distortion rate: 50mW
- Dimensions: 152 x 113 x 41 mm
- Weight: 480g

Speakers
- Frequency: 58 Hz - 20 kHZ (85 dBA)
- Impedance: 8 Ohm
- Maximum input: 20 W
- Tweeter: 25mm Soft Dome
- Woofer: 100mm Concave
- Flow guided Bass-Reflex structure
- Dimensions: 144 x 250 x 210 mm
- Weight: 2.9Kg per speaker
